

PROFILE SUMMARY

I am a registered architect, academician, and design professional. I received my B.Arch. and M. Arch (Architecture design) degrees from Jamia Millia Islamia in New Delhi, and professional advanced diploma in interior design from IDI, UK. In addition, on my CV, various certificate courses have been obtained from the World Bank Institute and TU Delft. To maintain my research potential, I have submitted PhD in architecture with an emphasis on design education and practice, which will be added to my CV in a few months. From 2010 to present, I was a registered member of the Council of Architecture, as well as a member of several other professional architecture research societies. Over the previous eight years, I've gained extensive expertise working on a variety of architecture and interior design academics, research and development, quality assurance, and accreditation projects.

PROFESSIONAL AFFILIATION

Registered member of Council of Architecture, Govt. of India
Associate member of Institute of Indian Interior designers, ND
Member of Architectural humanity research association, UK
Member of European Architectural History Network (EAHN), UK
Member of Architecture, Culture & Spirituality forum, USA
Member of International Association for Engineering & Technology (IAET)
Registered member society of Building Science Educator SBSC (No.56007858)
Affiliate member in Interior Design Educator Council (IDEC) USA, (ID-53679)

The Research Council Oman, TRC URG Project: Main Supervisor

Design and modelling of polymer solar skin-based desert tent for sustainable tourism development in Oman. Accepted by TRC URG grant (1500 OMR) for year 2022.

CONFERENCES PROCEEDING AND PUBLICATION

1. Muzaffar Ali, "Heritage Conservation for Sustainable Urban Regeneration", National Conference of Architecture for Masses-IV (2011), faculty of Architecture & Ekistics Jamia Millia Islamia, New Delhi, Presented.
2. Muzaffar Ali "Sequences of Learning Studios in Architecture Education", National Conference of Architecture for Masses-V (2013), faculty of Architecture & Ekistics Jamia Millia Islamia, New Delhi, Presented.
3. Muzaffar Ali, "Contemporary Architecture Design through Bionic Fractal": An approach of Integrated Bionic Fractal geometry" First Architectural Forum on Architecture and deconstruction,2014, College of Architecture & Planning, Qassim University, KSA, Presented & Published
4. Muzaffar Ali, "Study of Traditional Architecture through Integrated Studio:" 2ndArchitectural Forum on Heritage conservation and sustainable development ,2015, College of Architecture & Planning, Qassim University, KSA, Presented & Published
5. Muzaffar Ali, Article on "Sustainable Architecture Design is an Emerging Social Design Practice for an Architect" International Union De Architect – Saudi Umraan (Urban) Society Journal, 2014, KSA, Published
6. Muzaffar Ali, poster presentation in National built forum held at CAP, Qassim University KSA, on "Integrated urban planning approaches and challenges in Buraidah", Saudi Arabia 2015
7. Impact Of Renewable Solar Energy Utilization for Preserving Sustainability of Local Heritage Site in Oman: A Case of Al Munzefah Heritage Ruin, Oman (Presented in International conference on IR4, UTAS, Oman)
